### New Era Challenges in Education – Indian Student

- Education:
  - Linked with learner and learning
  - Complete - learner is learning
  - Meaningful – useful for society
- Higher Education:
  - India – large source of young minds and human resource
  - Purpose – broad based knowledge and multidisciplinary skills
  - While making graduate to be oriented towards betterment of society
- Change in paradigm from conventional to technology oriented
- Conventional Higher Education:
  - Chalk and board
  - Constrained to classroom
  - Role of teacher being highlighted
  - Continuous mentoring and monitoring.
