DAY - I

Door to Door Campaign

Day I started with the formal Inaugural. The NSS volunteers were then divided into groups and were asked to do survey in the Thallapalle. Firstly, the volunteers visited each and every house and collected the information regarding health issues, old people issues(not receiving pensions),

Child labours. They speak only Telugu language even unable to understand the language of English. There are nearly 60 families living in that area. From the survey it was understood that they make their livelihood by doing farming as many of them have their own farms of groundnuts, some sunflower plants, and also some muskmelon farms. Their attire ladies with traditional saree and gents wear only dhoti with towel over it. Earlier they were found to follow inhuman practices like

child marriage, early pregnancy, domestic violence etc but the situation is better now. There were nearly 40 school going aged children and out of which only half the population go to school

They have a traditional way of clothing and they live in harmony with nature. People speak loudly, as they are used to living in open spaces. The tribal area were found be clean but they have low level of education, many are below poverty line and they also practice early marriage. From the survey it was concluded that the utmost need in upliftment is to impart them the importance of education and cleanliness so as to get socialized with others.

DAY - II

Education: A fundamental Human Right

Education is important for both men and women as both have an essential role in the development of a healthy and smart society. Education is a necessary way for delivering a brilliant future and at the same time performs the most significant part in the growth and improvement of the nation. The citizens of the nation are responsible for the greater future and progress of the nation. Extremely educated citizens form the foundation of a developed nation. Hence, decent education builds a brilliant tomorrow for both the individual and the nation. It is only educated directors who make the country and bring it to the top of prosperity and growth. Education makes everyone brilliant and as excellent as possible.

Nowadays, everyone can get education using modern technology-based platforms, and also various distance education programs are available for the same. And such a modern education system is completely proficient in discussing social problems of illiteracy and inequality among every one of various castes, religion, and caste.

Education expands the creativity of people on a massive scale and benefits them to overcome all the diversity in the nation. It allows us to study properly and know every phase of life. Education gives the sense to know all human liberties, social freedoms, responsibilities, and obligations towards the nation. In short, education has the power to reform a nation in the best way.

DAY - III

Road Safety : Awareness on highway accidents and road safety

Thallapalli village, even though less population most of the people are dependent on agriculture and daily wage works. This village is just beside the State highway. In a discussion with sarpanch Vijaya garu it came to that few accidents happened on this highway. NSS volunteers had taken the responsibility of creating the awareness to the bike and car riders on wearing Helmets and Seat belts, educated them by explaining and showing them a small documentary videos on how many lives are loosing yearly due to carelessness and not following proper Traffic rules and regulation .

NSS Volunteers also encourages the children in schools that they should ask their parents and take a promise to wear helmets and follow the traffic rules.

DAY - IV

Green India - Plantation

In order to attract the community NSS unit has invited Grama sarpanch Smt. Vijaya garu, High school headmaster Dastigiri garu and teachers for plantation.

we have planted around 40 plants which include (Guava,badam,Neem,Raavi,Mango) and so on.

Tree Plantation is one of the best activities for making the planet greener, livelier, and healthier. Planted trees help our biodiversity, ensure the supply of oxygen for the next generations, and provide us with various resources. Without trees, the existence of human life, as well as other species on earth, is impossible. So, we should plant more and more trees.Planting trees is the ideal approach to support nature. It additionally helps other living species, including people, in many ways. Trees give us oxygen, food, shelter, and many more. They are natural air filters and noise safeguards. Areas having a thick estate of trees, are seen to be less loud and generally having cleaner air than the zones without trees.

NSS Volunteers planting a Neem Tree at Thallapalle High school

NSS Unit 8 program offices and student volunteers participating in plantation program

When trees are planted, on its own, the biodiversity of that zone is improved. It advances the development of species and prevents their depletion or extinction. The tree likewise gives products of the soil. Wood is utilized in the villages who use fire

DAY - V

Clean INDIA

One of the most important thing is to provide awareness about cleanliness as travel everyday to different places for making their livelihood. Mr V Ramasubbaiah , NSS program officer and NSS volunteers decided to create awareness on cleanliness of surroundings and how it impacts and adversely effects the health of infants and old age people if we are not maintains proper clean and d hygiene of surroundings

The NSS volunteer students encouraged villagers by telling that the clean house will be rewarded at the end of the camp and also insisted to keep clean daily. So they happily involved themselves in cleaning process. The NSS volunteers also educated them that cleanliness and Hygiene is necessary to keep them disease free. They were happy on seeing the involvement of the student and gifted the girl students with anklets, their own products. Students were also happy for their deeds. The programme was begun by cleaning the corners of the streets and houses.

A campaign on clean and green done by part of students by dorr to door visiting and expaining them about importance of the surroundings clean

Cleaning activities were also carried out at various streets of the nearby regions. Students had encouraged community people to join them in the Swachhata activity. Their participation in cleaning activity clearly reflected their willingness and interest to keep the surroundings clean and make India a better place to live

NSS Students explaining the importance of clean surroundings and how to avoid mosquito and other insects by using household things

NSS volunteers explaining to the cook in the Thallapalle high school that how the classlessness helps to improve the health of students

DAY - VI

Health is Wealth - Creating Awareness on Health

Thallapalli village is having population of around 3000 + population (as per 2011 Census 2000 + people) of with half of the people are women . Covid 19 effects the villagers life not only in economic way but also the with health illness. Due to illiteracy the women and old age people don't know how to take the precautions for the seasonal Flues and other viral infections. NSS volunteers after survey the health condition of the villagers, they went to local Government hospital and met with the health care persnols like Doctors Civil Surgeon over there and discusses how to educate the people to improve the health and awareness. And they visited the patients in the hospital and enquired the health problem that are facing and guided them how to be healthy and what should be followed during summer for avoiding health illnesses

NSS Volunteers visits Thallapalle Village Hospital and counsel the patients over there and educate them how to take care health in this pandemic situation

DAY - VII

Helping Hands & Social Responsibility

NSS Volunteers distributing Fruits and Food to the Old age people

As a part of inculcating ethics, moral values to the children NSS volunteers educated the elementary school students with short stories and short videos which is showing how to treat the poor, and old age people.

As a part of social responsibility NSS volunteers visits near by Old age home. 30+ old age people are present in the old age home. Students enquire about the health and facilities over there. Few of them are not able to recognize the fellow people, NS volunteers taken the details of such people and recommended them to proper health treatment in Village hospital .

NSS students distribute the Fruits and Food to the Old age people and educated them how to take care of their health in the Summer season and what are things that can be avoided to maintain good health. We found a orphan boy of age 12 years who is taking care of these old age people. He is going to Government school in the village and after the school he is taking care the people in old age home. NSS volunteers donated money of their own to the boy for books and necessary needs and promised him that in future they will help on behalf of RGUKT helping Hands
