("You" or the "Intern")

Dear **Subhash**,

OFFER OF INTERNSHIP – SOFTWARE ENGINEER INTERN

Fintech Infosystems Private Limited, a company incorporated in India with CIN: U72900HR2015PTC057066 and its registered address at K-2/14, DLF City-2, Gurgaon – 122001, Haryana, India (the "Company" or the "Employer"), part of the global Trakinvest group is pleased to offer you internship on the terms set forth below.

1. Type of Position: **Internship for 6 months**

Start date: 2nd January, 2020, to be confirmed by the Company.

And, Basis your performance during 6 months, this internship has the scope to be converted into full time employment opportunity with the designation - **Junior Software Engineer**.

2. Title and Remuneration

2.1. You will be employed in the capacity of **SOFTWARE ENGINEER INTERN** of the Company, reporting to the **Head of Technology** of the Company.

2.2. Your monthly stipend on a total fixed cost will be **INR 15,000.00** per month payable on the last day of each month in to the Indian bank account you notify to the Company.

3. Scope of Role and Responsibilities

Join us on a journey of creating an awesome platform for securities trading and education on investing. We are seeking fun, motivated and passionate individuals who have been working with Java and/or Scala to bring gamification concepts and introduces more fun in the platform (also, some maintenance work for the platform of course). As a successful Intern, you will help shape the technology stack to innovate and solve challenging problems. You will be working in an engineering team comprising individuals with deep understanding across technologies. Together with the team, you will build out new features and capabilities for our platform.
