Dear Himajyothi,

I am happy to consider you for a long term internship. Please send me the following documents (in a week's time) to proceed:

1. A scanned signed letter requesting for internship (indicate exact dates of internship along with your present and permanent contact details and contact details during your stay in Bangalore)
2. You class X and XII marksheet/certificates (scanned copies)
3. Your B.Tech transcripts copy
4. Your PAN card/Aadhaar Card copy

Note that you need to bear all expenses related to your stay in Bangalore. I assume you have a working laptop that you can bring for internship.

Best wishes
