

ANVESHANA EDUCATIONAL AND RESEARCH FOUNDATION

About AERF

Anveshana Educational and Research Foundation (AERF) is devoted to the dissemination of Scientific, Management and Technological information around the world and make all efforts towards achieving this goal. It seeks to strengthen research and advanced education in these and allied fields. AERF encourages new ideas or new perspectives on existing research. It is a registered non-profit association for Academicians and Researchers in the field of Engineering, Electronic Communication, Modeling & Simulation, Manufacturing Technologies, Marketing, Accounting, Economics, History, Law, Behavioural Science, Information Science and a myriad of other fields. It is an international medium for the publication of articles of interest to researchers in education and has rapidly become a major focal point for the publication of educational research from throughout the world.

It also conducts International Conferences, Management Development Programms and other events to enhance knowledge, skills, and the personal development of participants.

Objective

The conference aims to improve and harness the knowledge of academicians, research practitioners, industry members and students in the area of Engineering Applications and Management Concepts. This program brings out the above objective by sharing the knowledge.

Mission

The society is with targeted mission to improve the quality, efficiency and effectiveness of education, research and training systems in India and across the globe. This will in turn be a vantage point for us to encourage and improve Higher Educational Institutions' contribution to society and nation. Consequently, it will be a stimulating factor to create and foster an Indian area of higher education and it will empower the excellence and improve the visibility of higher educational activities focused on services to society and nation.

Vision

To be one of the best non-governmental organizations across the globe making education significantly research oriented and practical in learning.
