Vempalli Mandal, YSR Kadapa Dist., A.P.**

About AERF

Anveshana Educational and Research Foundation (AERF) is devoted to the dissemination of Scientific, Management and Technological information around the world and makes all efforts towards achieving this goal. AERF encourages new ideas or new perspectives on existing research.

About RGUKT

The idea to create IIITs in Andhra Pradesh came in April 2007, at the request of the then Chief Minister of Andhra Pradesh Dr. Y S Rajasekhara Reddy. He was dissatisfied with the opportunities available to the rural youth and wanted to set up at least three IIITs in the three regions of United Andhra Pradesh which would ensure better opportunities for gifted rural students.

Education at RGUKT is based on the intensive use of Information Technology. Every student has access to a laptop and education uses the latest advances in Learning Sciences such as **Learning by Example, Learning by Doing, and Problem-based Learning**. Online lectures are provided and lectures are followed by problem solving sessions that reinforce what has been covered in each lecture.

At present RGUKT has been catering to the educational needs of gifted rural youth of Andhra Pradesh in 4 campuses (Nuzvid, R K Valley, Ongole & Srikakulam).

About NCETELTL -2019

The National Conference aids to fill in the gap between the approaches and deliverables in English Language Teaching and literature. Literature engrosses interest in reading books and appreciation of art. Modern educational practice is driving away from the traditional bunch of large size books to screenplays, song lyrics, and online communication through blogs etc. Literary artistic merits ever shade its fragrance in this view scholarly papers are welcome from Research scholars, Teachers, Academicians, Practitioners and Students.
