\*\*\*

### **ORDERS:**

The Academic Council of RGUKT at its meeting held on 29-03-2023 resolved, while approving the modified/revised/new courses with curriculum in both PUC and B.Tech programs, to explore the possibility of at least two industries in each branch of engineering to handhold the respective disciplines and train the students appropriately for enabling them to be industry ready for employment.

Dr. T.V.L. Narasimha Rao, Vice President, Sundaram Motors offered to collaborate with RGUKT in offering internships to students and finding better placements. He also suggested offering one credit course related to industry 4.0, preferably online. It is also suggested that RGUKT may explore the possibility of offering micro credit courses and also bring about solid changes in curriculum to suit the current industry requirements after a brain storming session involving experts and alumni.
